

### Arachas - Pupil cover experts

We understand that it has been a difficult time for everyone and right now you have plenty to figure out without worrying about your insurance cover – that's why we're here to help you. We work with A-Rated insurance providers to develop Insurance solutions that answer the challenges faced by the Educational Sector in securing reliable insurance cover for your service.

If a pupil at your school has an accident, a very anxious situation can be made worse if you don't have the right insurance protection in place. We can provide policies which cover your pupils for school related activities only or 24-hour cover 365 days a year. Your school can decide to choose a compulsory scheme where all pupils in the school must be covered, or an optional scheme where the school gives parents the option of taking the cover out or not. School staff can be included for the same benefits as pupils and If staff members are to be covered, then all staff must be included. Cover is offered to staff members for school related activities only.
